

## BANQUET GIVEN TO EARL GREY

Sir Wilfrid Laurier and R. L. Borden are Principal Speakers.

Ottawa, Sept. 27.—The announcement that Earl Grey has postponed the date of his departure from Ottawa to October 12th, in view of the political situation now existing at Ottawa, was made by the Governor General himself, tonight at a farewell banquet tendered him by the Canadian Club of Ottawa.

The banquet was held in the restaurant of the House of Commons, and was presided over by Judge McTavish, president of the club, and attended by 300 club members and Canadian friends of various countries represented at Ottawa.

R. L. Borden and Sir Wilfrid Laurier occupied positions to the right and left of the chairman and Earl Grey.

The health of Grey was proposed by Sir Charles Fitzpatrick. Earl Grey in replying after personal allusions to the affection with which he would regard Canada, announced his intention of disregarding the unwritten convention which forbids former governors-general from reviving Canadian politics.

He gave a warm welcome to the club and describing them as the church of civil and national righteousness. Speaking in warm terms of the Empire, he referred with the utmost satisfaction to the new government, and in this term of office in taking over the reins of the Empire, he was dependent for continuance of his political life on the sympathy of the British hierarchy. Some might say that the British hierarchy depended on the Minister of the Interior, but the Minister of the Interior depended on the British hierarchy.

The time was coming when the people of Canada would demand to be admitted into fuller participation in the obligations and responsibilities of Empire. The people of England, he added, were content to carry the burden single-handed until the people of the Dominion chose to come to their assistance. In conclusion Grey spoke in high terms of the national service which would be made of the Hudson's Bay Railway, and made happy reference to Laurier and Borden, who had been premier and leader of opposition during his term of office.

**Sir Wilfrid's Speech.**  
Sir Wilfrid Laurier in responding to the toast of Canada paid graceful tribute to His Excellency, coupling with him the names of Lady Grey and their daughters. He noted the manner in which Lord Dufferin and Minto had passed from the Governor-Generalship of Canada to other high offices of state, and hoped the same future would await Lord Grey. The wishes of the people of Canada would designate the Earl to the Imperial government for other service.

After a humorous reference to changed positions they would occupy in the house, Sir Wilfrid concluded by suggesting that Sir Horace Jarvis should be invited to visit Canada on the completion of the N.T.C. in harbor to travel on the first train from Halifax to Prince Rupert.

**Premier Elect Borden.**  
Mr. Borden in his first public speech since election opened with a cordial personal tribute to the splendid orator and valor which Sir Wilfrid Laurier had displayed in the struggle just concluded. He spoke in eulogy of Grey's career in Canada and agreed with Sir Wilfrid that there were laurels still to be won by him in the Empire. Turning from personal matters he dwelt on the splendid work that Canada had accomplished during the past, those difficult years which had confronted the United States in the earlier periods of their career. The growth of Canada would proceed upon autonomous lines in the

development of Empire. No Dominion would be called on to surrender any power of self-government, but progress will be made in organization of trade and customs.

The banquet was very successful.

**BACK FROM VANCOUVER.**

Secretary of First Board of Directors of Defunct Farmers' Bank Brought Back.

Toronto, Ont., Sept. 27.—Clark H. Smith, secretary of the first board of directors of the defunct Farmers' Bank was brought back this morning from Vancouver by Detective Galt.

The prisoner was remanded until Friday.

## LABOR OFFICIALS MEET IN YORKTON

Sixth Annual Convention in Session With About Fifty Delegates in Attendance—Number of Important Questions Are Discussed at Meeting.

Winnipeg, Sept. 27.—The sixth annual convention of labor officials of Saskatchewan municipalities. This is the first time in the history of union convention held outside of the city, a fact commented upon by Mayor Beck in his address of welcome, and expressed the hope that the convention would have an effect to bring this city to the attention of the delegates, and in his remarks stating that progressive action should be taken in the capital.

At the afternoon session Mr. Mayor Clark of Yorkton, president of the union, delivered his annual address and emphasized the town with delegates. He referred to recommendations passed at the last annual convention held in Saskatoon, many of which have since been embodied in the present municipal act. Among the most important of these was the single tax amendment which gives Saskatchewan the honor of being the first province to take forward steps in the direction of the single tax. One of the questions to be discussed was the question of the honor of being the first province to take forward steps in the direction of the single tax. One of the questions to be discussed was the question of the honor of being the first province to take forward steps in the direction of the single tax.

## FIGHTS AGAINST INVESTIGATION

United Shoe Machinery Company is Opposed to Investigation of its Practices.

Montreal, Sept. 28.—Arguments of the United Shoe Machinery Company against the investigation committee appointed under the Industrial Investigation Act, was announced before Mr. Justice St. Pierre. The application was made by the United Shoe Machinery Company after a decision of the court of appeals stating that the Industrial Investigation Act, requiring the application for the investigation of the company was refused.

The petition for a writ of prohibition was presented in the practice court in July last and an interim writ was granted by which the investigation of the United Shoe Machinery Company had been stayed on its merits. The whole morning session was occupied in argument. Mr. Justice St. Pierre ordered that the board would not proceed until October 1, when it is expected that judgment will be rendered. The actual case.

## INCREASE IN FREIGHT RATES

Chicago, Sept. 27.—The managers of transcontinental railroads have announced a general increase in all classes of freight rates from eastern points to the Pacific coast in line with the plans formulated at the time of the hearing by the Interstate Commerce Commission of the Interstate Commerce Commission. The new rates will become effective November 1. The increase will not affect commodity rates under which the freight business is handled. Class rates shipments amount to about two per cent. of the total freight.

## Toronto Youth is Thirst.

Chicago, Sept. 27.—Meredith Nichols, said to be a son of a wealthy Toronto family, is under arrest here accused of taking a thousand shares of stock in a company which was organized to develop a valuable mine from the sale of his brother, Harry Nichols, a Toronto banker. Nicholas, who is 19 years old, came here from Detroit, Michigan, two weeks ago.

## New Government May Not Give Guarantee to C.N.R. Brazeau Line.

Ottawa, Sept. 27.—A great deal of the proposed legislation will fall by the wayside or be amended as a result of the change in government. The bill to give a guarantee to the Canadian Northern for the section of its line from the St. Lawrence to the Ottawa at a rate of \$1,000 a mile for the first fifty miles and of \$2,000 a mile for the remaining hundred miles of the bill to amend Chinese immigration measures act, the bill to amend the bank act, the bill to amend the manufacture of explosives, a bill to amend the companies act, a bill respecting copyright, a bill to extend bank charters for another ten years, a bill to prohibit the manufacture of matches, a bill to amend the telegraph act, a bill to amend the Dominion Lands act, a bill to amend the Juvenile Delinquents Act, a bill to amend the Copyright Act, a bill to amend the Customs Act, a bill to amend the Excise Act, a bill to amend the Finance Act, a bill to amend the Immigration Act, a bill to amend the Industrial Investigation Act, a bill to amend the Land Transfer Act, a bill to amend the Liquor License Act, a bill to amend the Marine Insurance Act, a bill to amend the Mercantile Law Act, a bill to amend the Municipalities Act, a bill to amend the Naturalization Act, a bill to amend the Patents Act, a bill to amend the Public Health Act, a bill to amend the Public Works Act, a bill to amend the Railway Act, a bill to amend the School Act, a bill to amend the Social Insurance Act, a bill to amend the Taxation Act, a bill to amend the Trade Marks Act, a bill to amend the Unemployment Insurance Act, a bill to amend the Veterans Act, a bill to amend the War Service Act, a bill to amend the Widows Act, a bill to amend the Workers' Compensation Act, a bill to amend the Young Persons Act, a bill to amend the Zoning Act.

At the greater number of these measures a concerted effort will have to be made by the new government and considered in council as matters of policy but they are purely departmental and others which are non-controversial which may be taken up by the new government, the explosives bill and that regarding the telegraph act, for example, the principles of both these measures have been accepted by the Conservatives and would not be surprising to see them taken over on the new government's program. The copyright bill may also come in the same category. The new government will certainly be re-elected because they have high hopes of passing the bill to amend the bank charters may possibly be adopted by the new government. It is having been well threshed out in committee two sessions ago, but some amendments will be made and the bill will be passed.

Ottawa, Sept. 27.—It is not likely that the new government will be able to reach into the past to undo the government which remains can be reached into. Hon. Messrs. Oliver and Thompson arrive in the capital as it is not known what business they have in the new government.

Hon. W. Chase Cairns will continue Montgomery, the second most important figure in the new government, will probably be included in the Borden cabinet. George Paquet, the Liberal leader, says he will not be a candidate in a by-election.

Sir Wilfrid Laurier drove down to Rideau Hall this morning to see his private secretary. The object of his visit was to ascertain whether it was desirable to delay his departure for a few days.

## RECORDS ON SEX.

Ottawa, Sept. 27.—The majority of the politicians who have been in the cabinet since the election are not the only ones who will be asked to give a referendum vote. The French Canadian, and Nationalist members from Quebec say they are willing to abide by the decision of the majority of the people.

In the meantime nothing is likely to be done by the incoming government with the contracts for eleven ships which were on the point of being awarded by the retiring administration.

**Bureau Elected.**  
Three Alvars, Sept. 27.—The officers of the recent election as announced today by the returning officer show a majority of two for Hon. Jacques Bureau. On the night of the election the French Canadian defeated the Minister by a small majority. Judicial records will be demanded.

**Three Alvars, Sept. 27.**  
The officers of the recent election as announced today by the returning officer show a majority of two for Hon. Jacques Bureau. On the night of the election the French Canadian defeated the Minister by a small majority. Judicial records will be demanded.

**London, Sept. 27.—**Mr. Bureau is a cable to the Financial News declares that the Canadian Nationalists will continue to fight for the principles for which they have been struggling and will maintain an attitude of complete independence. If any "disposal" of the rights of the people we shall fight it as we see the Laurier government.

**Melbourne, Australia, Sept. 27.**  
General satisfaction prevails here over the election of rectitude and hope are expressed that the Mother Commonwealth will immediately institute an inter-empire preference.

**Wellington, New Zealand, Sept. 27.**  
Borden's victory is recorded here, not merely as the defeat of rectitude, but as the opening of a new era in Imperial history.

THURSDAY, SEPTEMBER 28, 1911.

GREATHER EDMONTON.

It is well that the proposal to unite  
the two cities carried by large major-  
ities in either side the river. Had it  
been either the wisdom of union would  
have been questionable. If we could  
not enter partnership with grace and  
unanimity of sentiment it was to be  
feared that the stress and strain of  
working out the future municipal  
provisions would have tended to make  
for separation in feeling rather than  
community of thought and purpose.

For that reason, the Bulletin is  
framed from trying to persuade its  
readers on both sides of the river to  
vote one way or the other. The Bulletin  
is favorable to the union, because fa-  
vorable to the union, the Bulletin con-  
sidered it desirable that the union be  
a verdict given according to the  
popular opinion as free as possible  
from the extraneous influence of any  
kind. The result is a verdict which  
must be taken to reflect the normal  
disposition of the people in the two  
cities, and not a temporary disposition  
to which they have been induced by  
the employment of the arguments of  
one side of the case only. That being  
so and the verdict being what it is, it  
is reasonable to suppose that the two  
cities will be for the union, and that  
to grow together rather than to grow  
apart, that, impelled by a common  
realization to reach themselves in  
a united and really one community  
the trend of public opinion will be toward  
a sense of oneness and a spirit to work  
as one for the common interests.

The spirit upon which the union is  
entered into is of more importance  
than the terms upon which it is entered  
into; for the terms are transient,  
but the spirit endures. Whether the agreement  
framed by the two cities could be leg-  
ally enforced after they have become  
one city may be a matter of question;  
but if the temper reflected in the vot-  
ing on Tuesday is the temper of the  
people on both sides of the river, it  
does not matter whether the agree-  
ment would hold in law or in equity.  
If it would hold, it cannot be supposed  
that the agreement covers everything  
to which the interests of the two  
parties may not be identical, or that  
these interests may even be found  
to be antagonistic. But if it be  
hind the agreement there is a disposi-  
tion on both sides to deal justly, and  
to fulfill not only the letter but the  
spirit of the agreement, and to make  
the agreement but all the obligations  
which are or will be implied in the  
fact of union, then what is or is not  
contained in the agreement, and whether  
the agreement is legally binding  
afterwards is immaterial. The fact  
of union and the name of union are  
not the same. We are to have the  
name of union as the result of Tues-  
day's voting, but whether we have the  
fact of union or not depends on whether  
the people of the two commun-  
ties are prepared to get on the basis  
of thinking of Edmonton and Strathcona  
as these have been thought of,  
and into the habit of thinking of  
Edmonton and Strathcona as one in  
interest and fact; whether the union  
in Edmonton is prepared to think of  
the union in the remembrance that the  
Edmonton south of the river is just as  
much Edmonton as the portion north  
of the river, and just as much entitled  
to the public expenditures and im-  
provements which go to the upbuild-  
ing and well-being of a city, and whether  
the man south of the river is pre-  
pared to recognize and act upon the  
principle that what makes for the ad-  
vancement of that portion of the city  
lying on the north bank must make for  
the advancement of the city as a  
whole and of its own interests as well.  
Happily, the voters on Tuesday indi-  
cate that this is the feeling of the  
citizens on both sides of the river,  
and in it lies the hope that the union  
in name will be accompanied and fol-  
lowed by a unity of sentiment which  
will make greater Edmonton a living  
fact as well as a tradition on the  
statute books.

CONGRATULATING THE OTHER  
FELLOW

The Winnipeg Telegram notes with  
satisfaction that the price of wheat in  
the United States started upward  
after the results of the Canadian elec-  
tions became known. It makes no  
mention of the complimentary fact  
that Canadian wheat prices advanced at  
the same psychological moment, and  
for the same reason. It is all well  
enough to congratulate the American  
farmer that he is getting more for his  
wheat than he was offered a fortnight  
ago and more perhaps than he would  
have got in competition with Canadian  
wheat. But where is the satisfaction  
for the Canadian farmer in knowing  
that while his American contemporary  
is better off his own position is  
worse? With all proper sympathy for  
the farmer of the United States and all

## TORTURED BY BILIOUSNESS

AND TERRIBLE SICK HEADACHES

Dr. C. J. Appleby Cured by "Fruit-a-Lives"

DANBURY, CONN., July 17th, 1910.

"I was a dreadful sufferer for many  
years from Biliousness and Headaches,  
and I tried every medicine, but nothing  
seemed to do me any good. I finally  
saw 'Fruit-a-Lives' and after the first  
box, I was so much better that I con-  
tinued using these fruit tablets and they  
have entirely cured me."

"I can truly recommend 'Fruit-a-  
Lives' to anyone who suffers from  
Headaches, Biliousness or Stomach  
Trouble."

DR. C. J. APPLEBY, DANBURY, CONN.

The thousands of people have had the  
same experience as Mrs. Vandick.  
They have tried doctors and taken all  
sorts of medicine, only to find that  
"Fruit-a-Lives" is the one and only  
remedy that actually cures these  
troubles.

"Fruit-a-Lives" is the only medicine  
in the world made of fruit juices, and  
is the greatest Liver Cure ever de-  
vised. It acts directly on Liver,  
Kidney and Stomach, and cures the  
stomach and purifies the blood.

See a box for \$2.00, or trial size,

Limited, Ottawa.

"I charge that he was aiming to butcher  
"French-Canadian youth in British  
"wars, and both extremes joined to  
"denounce him as aiming to rob  
"Canadian autonomy by his reciprocity  
"proposition." All of which the  
"Journal seems to think a very proper  
"and highly desirable kind of political  
"warfare. Liberals ought to congrat-  
"ulate themselves that it is their enemy  
"which rejoices in the prosperity of  
"such means."

Hon. Robert Rogers may enter the  
House Government. His qualifica-  
tions are such that he has been a suc-  
cessful electioneer in Manitoba. That  
he has shown any unusual talent for  
public business, no one has ever  
claimed—except himself. That he "saw  
"there" when an election is on, and is  
not in the remotest degree partisan  
how he does it. In some quarters  
that is considered the sole requirement  
for political preferment. Whether  
Mr. Rogers holds this view remains to  
be seen.

The committee of public-opinion  
citizens from both sides of the river  
who have given so liberally of their  
time and thought during the summer  
to bringing to a successful conclu-  
sion the negotiations for the union of  
the two cities are worthy some public  
recognition of their services. It would  
be in every way proper if the council  
of the two cities should arrange some  
joint testimonial to the excellent and  
gratuitous work they have done.

The Montreal Gazette suggests Mr.  
H. B. Ames M.P., as chairman of the  
public accounts committee. Good idea.  
He would then be able to investigate  
the record of Hon. Clifford Sifton to  
his heart's content.

At the Ottawa demonstration in  
favor of Mr. Borden one of the trans-  
parencies bore the motto: "One foot  
one foot, one throw." Le Devoir plus  
bute.

considered, western Canada has reason  
to pride itself on the part it has  
played in the rejection of reciprocity  
and the defeat of the Laurier gov-  
ernment." Hear! Hear! At the  
present count western Canada carried  
seven members out of twenty-one  
to that effect.

Not that the election is over, the  
Ottawa Journal feels safe in admitting  
the Tory-Nationalist alliance. Mr. Wil-

hand to attack because of his Cana-  
dianism, and on the other, he was  
"sufficiently British in sympathy, he  
"was scolded on the other by the
